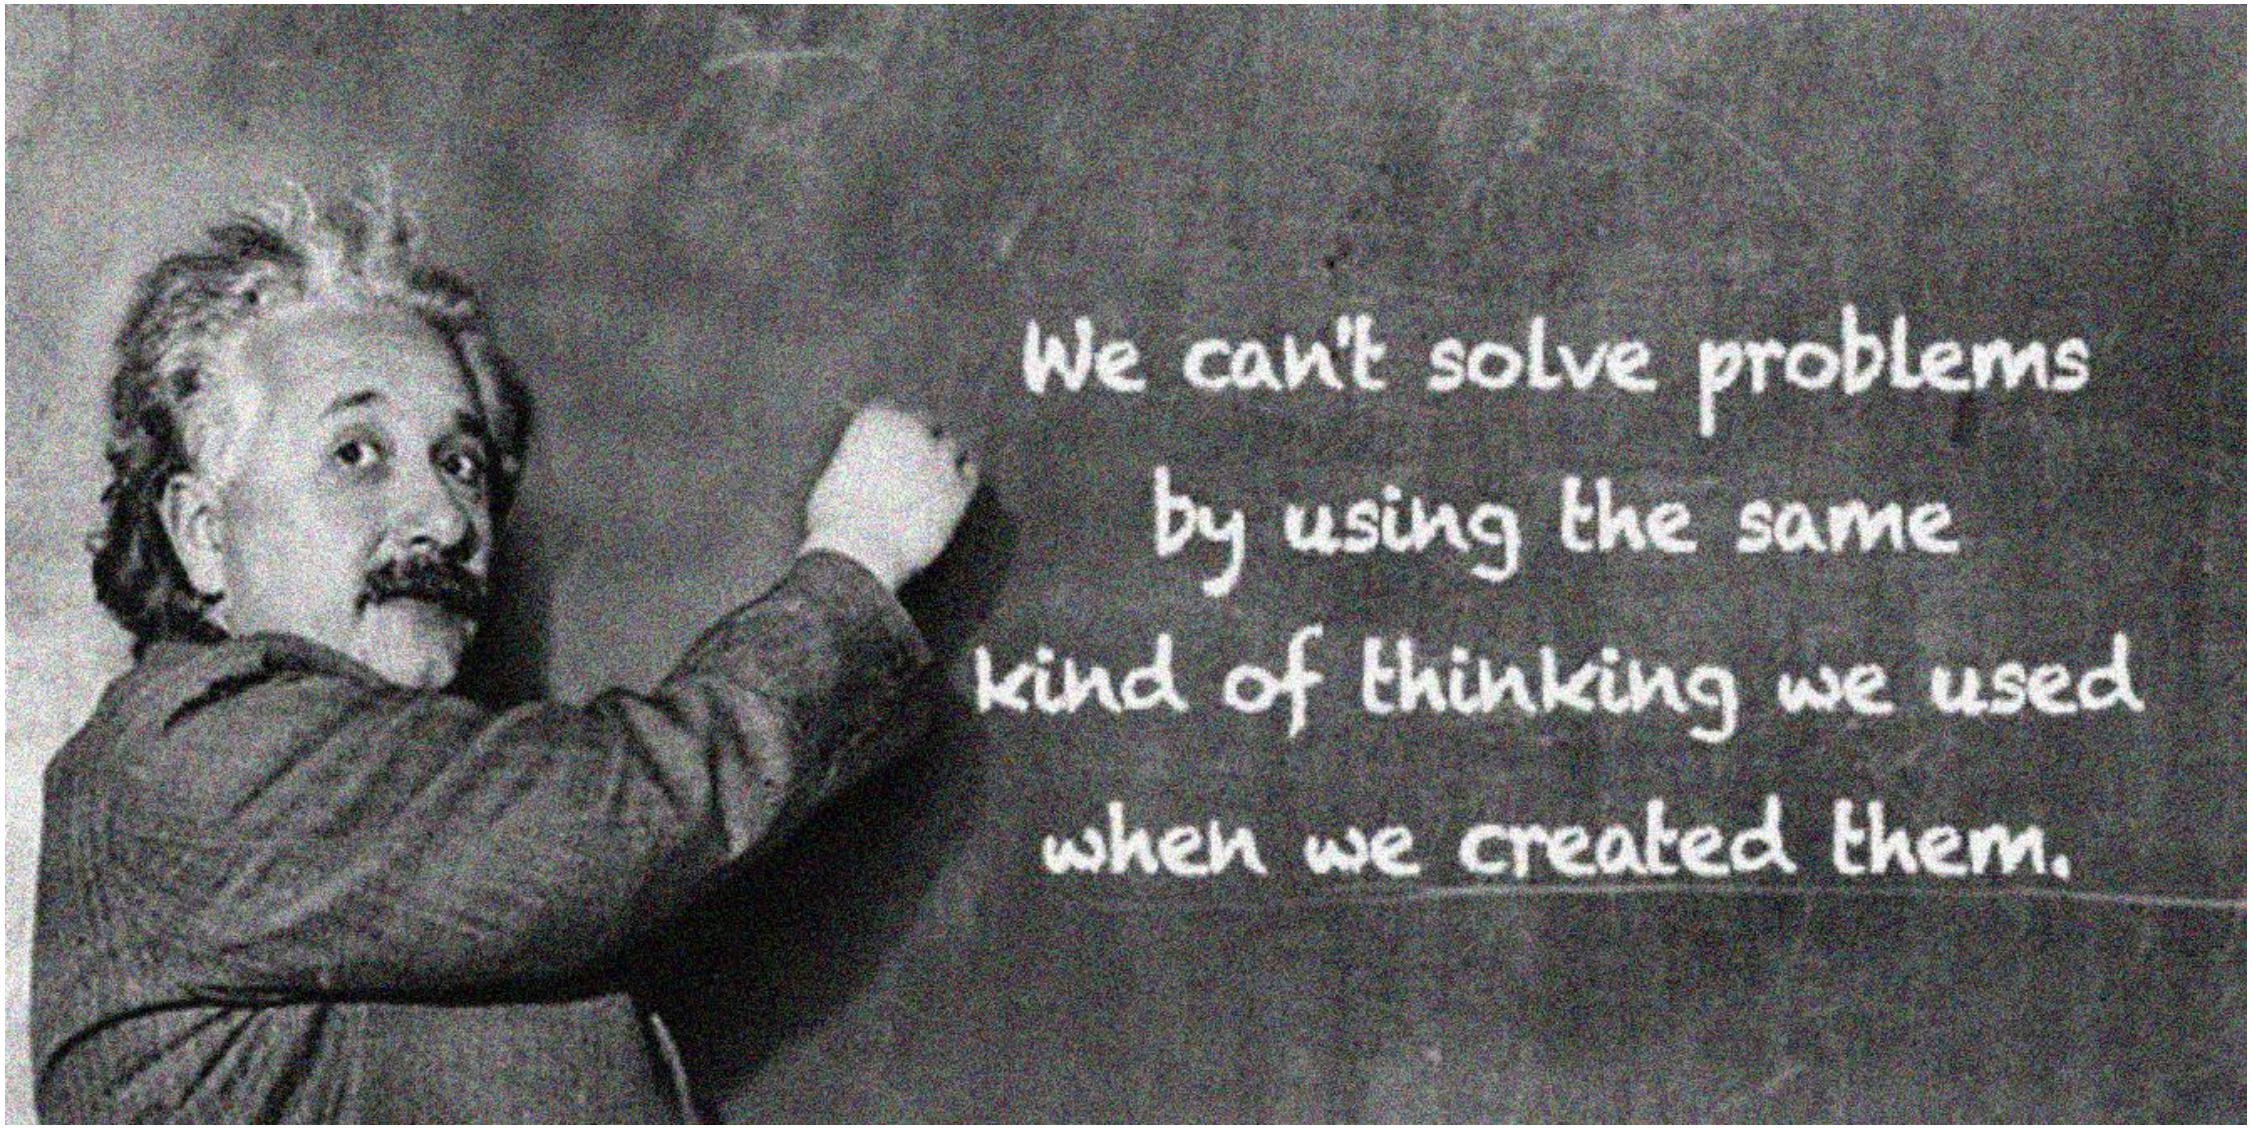
Complex Social Problems

- Society's outcome that results from human behavior

- BROAD crises crossing many systems:
  - ✓Poverty
  - ✓Food Insecurity
  - ✓Homelessness

✓Requires multidimensional/ eco-system solutions vs linear



We can't solve problems
by using the same
kind of thinking we used
when we created them.

Our Unified Team for
Creating, Being & Powering the Change

Voices for Florida: Creating the Change

- Accelerate and sustain innovations that solve complex problems.
- Develop networks of networks to leverage capacity and create impactful outcomes.
- Build brand, public trust and investor confidence through model fidelity, coordinated connectivity and measuring meaningful outcomes.
- Create impact funding opportunities for investors and donors.
- Establish continued training & education of promising best practices and process improvement principles.
