

Trade Secret Exemption

Chapter 815.045, F.S.

Trade secret information.—

The Legislature finds that it is a public necessity that trade secret information as defined in s. 812.081, and as provided for in s. 815.04(3), be expressly made confidential and exempt from the public records law because it is a felony to disclose such records. Due to the legal uncertainty as to whether a public employee would be protected from a felony conviction if otherwise complying with chapter 119, and with s. 24(a), Art. I of the State Constitution, it is imperative that a public records exemption be created. The Legislature in making disclosure of trade secrets a crime has clearly established the importance attached to trade secret protection. Disclosing trade secrets in an agency's possession would negatively impact the business interests of those providing an agency such trade secrets by damaging them in the marketplace, and those entities and individuals disclosing such trade secrets would hesitate to cooperate with that agency, which would impair the effective and efficient administration of governmental functions. Thus, the public and private harm in disclosing trade secrets significantly outweighs any public benefit derived from disclosure, and the public's ability to scrutinize and monitor agency action is not diminished by nondisclosure of trade secrets.
