#### Interested media -

In response to multiple public records requests received by our office regarding the Rehabilitation Center at Hollywood Hills and Larkin Community Hospital Behavioral Health Services, see the below and referenced documentation which includes links to records such as emails, notes, call log information, and other relevant information.

Please note – at no time did the Rehabilitation Center at Hollywood Hills or Larkin Community Hospital Behavioral Health Services report that their patients were in dangerous conditions or that they needed to be evacuated. Every healthcare professional knows to call 911 if their patients' lives are in danger. In fact, facility management was advised by the state multiple times to call 911 if they had any reason to believe that any lives were in danger – something they failed to do.

Thank you,

John Tupps
Governor Scott's Communications Director

#### Please see a statement from Governor Rick Scott:

Governor Rick Scott said, "No amount of finger pointing by the Hollywood Hills Rehabilitation Facility and Larkin Community Hospital Behavioral Health Services will hide the fact that this healthcare facility failed to do their basic duty to protect life. This facility is failing to take responsibility for the fact that they delayed calling 911 and made the decision to not evacuate their patients to one of the largest hospitals in Florida, which is directly across the street. The more we learn about this, the more concerning this tragedy is. Through the investigation, we need to understand why the facility made the decision to put patients in danger, whether they were adequately staffed, where they placed cooling devices and how often they checked in on their patients. The families of those who trusted the Rehabilitation Center at Hollywood Hills deserve answers and those responsible for this horrific behavior should be prosecuted to the fullest extent of the law."

### Governor Scott has taken the following action to hold the Hollywood Hills Rehabilitation Center accountable for their decision to not protect patient life:

- On Wednesday, September 13<sup>th</sup>, Governor Scott called for AHCA and DCF to conduct investigations into the facility.
- On Wednesday, September 13<sup>th</sup>, Governor Scott directed AHCA to issue an emergency moratorium for the Rehabilitation Center at Hollywood Hills that prevents the facility from admitting any patients until it is lifted.
- On Thursday, September 14<sup>th</sup>, Governor Scott directed AHCA to terminate the facility as a Medicaid provider, as this facility was responsible for providing their patients a safe environment and failed to do so.
- On Saturday, September 16<sup>th</sup>, Governor Scott directed AHCA Secretary Justin Senior and Florida Department of Elder Affairs Secretary Jeffery Bragg to issue

emergency rules to keep Floridians safe in healthcare facilities during emergencies. Pursuant to the emergency action, within the next 60 days, all assisted living facilities (ALFs) and nursing homes must obtain ample resources, including a generator and the appropriate amount of fuel, to sustain operations and maintain comfortable temperatures for at least 96-hours following a power outage. This is based on standards already in place at all hospitals in Florida.

#### **TIMELINE**

On March 21-22, 2017, AHCA confirmed that the Rehabilitation Center at Hollywood Hills had submitted a Comprehensive Emergency Management Plan (CEMP) to Broward County.

#### Tuesday, September 5, 2017

On Tuesday, September 5, 2017 at 5:36 PM, the Rehabilitation Center at Hollywood Hills was notified by the state to report updates to the FL Health STAT Database on prestorm Hurricane Irma preparedness. The facility was asked to provide updates to the database at least twice a day. However, if significant changes occurred, they would have to report additional updates. All ALFs, nursing homes and hospitals were asked to do this. (A-1)

#### Thursday, September 7, 2017

On Thursday, September 7, 2017 at 3:30 PM, the Rehabilitation Center at Hollywood Hills had not reported any data through the FL Health STAT Database. (P-1, P-4, P-8, P-9)

On Thursday, September 7, 2017 at 5:54 PM, the administrator of the Rehabilitation Center at Hollywood Hills reported through the FL Health STAT Database that everything was operational. (P-1, P-4, P-8, P-9)

#### Friday, September 8, 2017

On Friday, September 8, 2017 at 5:00 PM, the Rehabilitation Center at Hollywood Hills' previously provided update was counted as their current status in the FL Health STAT Database since they did not report any changes. Per this report, everything remained operational at the Rehabilitation Center at Hollywood Hills. (P-1, P-4, P-8, P-9)

On Friday, September 8, 2017 at 8:30 PM, Governor Scott, AHCA Secretary Justin Senior and Surgeon General Dr. Celeste Philip hosted a call with hospitals, nursing homes and assisted living facilities. <u>The Rehabilitation Center at Hollywood Hills participated in this call and did not report any issues.</u> (B-3, T-1)

#### Saturday, September 9, 2017

On Saturday, September 9, 2017 at 7:30 AM, the Rehabilitation Center at Hollywood Hills' previously provided update was counted as their current status in the FL Health STAT Database since they did not report any changes. Per this report, everything remained operational at the Rehabilitation Center at Hollywood Hills. (P-1, P-4, P-8, P-9)

On Saturday, September 9, 2017 at 10:30 AM, the Rehabilitation Center at Hollywood Hills' previously provided update was counted as their current status in the FL Health STAT Database since they did not report any changes. Per this report, everything remained operational at the Rehabilitation Center at Hollywood Hills. (P-1, P-4, P-8, P-9)

On Saturday, September 9, 2017 at 1:30 PM, the Rehabilitation Center at Hollywood Hills' previously provided update was counted as their current status in the FL Health STAT Database since they did not report any changes. Per this report, everything remained operational at the Rehabilitation Center at Hollywood Hills. (P-1, P-4, P-8, P-9)

On Saturday, September 9, 2017 at 3:19 PM, the Rehabilitation Center at Hollywood Hills reported to the state through the FL Health STAT Database that everything was operational. (P-1, P-4, P-8, P-9)

On Saturday, September 9, 2017 at 7:45 PM, Governor Scott, AHCA Secretary Justin Senior and Surgeon General Dr. Celeste Philip hosted a call with nursing homes and assisted living facilities. <u>The Rehabilitation Center at Hollywood Hills participated in this call and did not report any issues.</u> (B-6, T-1)

#### Sunday, September 10, 2017

\*Tropical storm force winds arrived in Broward County on Sunday, September 10, 2017 at approximately 8:00 AM. \*

On Sunday, September 10, 2017 at 12:00 AM, the Rehabilitation Center at Hollywood Hills' previously provided update was counted as their current status in the FL Health STAT Database since they did not report any changes. Per this report, everything remained operational at the Rehabilitation Center at Hollywood Hills. (P-1, P-4, P-8, P-9)

On Sunday, September 10, 2017 at 7:30 AM, the Rehabilitation Center at Hollywood Hills' previously provided update was counted as their current status in the FL Health STAT Database since they did not report any changes. Per this report, everything remained operational at the Rehabilitation Center at Hollywood Hills. (P-1, P-4, P-8, P-9)

On Sunday, September 10, 2017 at 10:30 AM, the Rehabilitation Center at Hollywood Hills' previously provided update was counted as their current status in the FL Health

STAT Database since they did not report any changes. Per this report, everything remained operational at the Rehabilitation Center at Hollywood Hills. (P-1, P-4, P-8, P-9)

On Sunday, September 10, 2017 at 1:30 PM, the Rehabilitation Center at Hollywood Hills' previously provided update was counted as their current status in the FL Health STAT Database since they did not report any changes. Per this report, everything remained operational at the Rehabilitation Center at Hollywood Hills. (P-1, P-4, P-8, P-9)

On Sunday, September 10, 2017 at 2:30 PM, Governor Scott, AHCA Secretary Justin Senior and Surgeon General Dr. Celeste Philip hosted a call with nursing homes and assisted living facilities. <u>The Rehabilitation Center at Hollywood Hills participated in this call and did not report any issues.</u> (B-9, T-1)

\* Per the timeline released by the Rehabilitation Center at Hollywood Hills, their air conditioning lost power on 9/10/17 at 3:00 PM. This was not reported to the state. \*

On Sunday, September 10, 2017 at 6:46 PM, the Rehabilitation Center at Hollywood Hills was again notified by the state to report updates to the FL Health STAT Database on post-storm Hurricane Irma response. The facility was asked to provide updates to the database at least twice a day. However, if significant changes occurred, they would have to report additional updates. All ALFs, nursing homes and hospitals were asked to do this. (C-1)

On Sunday, September 10, 2017 at 6:51 PM, the Rehabilitation Center at Hollywood Hills reported through the FL Health STAT Database that they were closed but that everything was operational, including heating and cooling. (P-1, P-4, P-8, P-9)

\*Tropical storm force winds ceased in Broward County on Sunday, September 10, 2017 at approximately 7:00 PM. \*

#### Monday, September 11, 2017

On Monday, September 11, 2017 at 7:30 AM, the Rehabilitation Center at Hollywood Hills' previously provided update was counted as their current status in the FL Health STAT Database since they did not report any changes. Per this report, everything remained operational at the Rehabilitation Center at Hollywood Hills. (P-1, P-4, P-8, P-9)

On Monday, September 11, 2017 at 5:37 PM, the Rehabilitation Center at Hollywood Hills called the Florida Emergency Information Line, a toll-free hotline activated at the time of an emergency to provide an additional resource for those in Florida to receive accurate and up-to-date information. This information includes road closures and alternate routes, available/open shelters in host or impacted counties, shelters designed

for special needs patients, hotels and motels that accept pets, boaters' instructions for moving watercraft to safer ground, and re-entry information once it is safe to return to the affected area. This line is an information line for Floridians and is not meant to replace 911. (D-2)

The Rehabilitation Center at Hollywood Hills reported issues involving air conditioning but <u>did not</u>, at any time during the call, report or indicate that conditions had <u>become dangerous or that the health and safety of their patients was at risk</u>. (E-1)

On Monday, September 11, 2017 at 7:35 PM, an aide for Governor Scott received a voicemail left on the Governor's personal cell phone from Natasha Anderson, CEO of Larkin Community Hospital Behavioral Health Services, and referred the information to officials at AHCA and DOH. (F-7)

\* This was a personal cell phone which the Governor gave out to mayors, sheriffs, police chiefs, county and city officials, nursing homes, ALFs and fuel and utility providers. Governor Scott's cell phone does not have the capability to receive or send text messages. Additionally, Governor Scott's email is reviewed by the Governor's Office of Citizen Services during regular business hours. \*

On Monday, September 11, 2017 at 9:40 PM, the state submitted a power restoration request regarding the Rehabilitation Center at Hollywood Hills to be referred to FPL for priority restoration. (H-1)

On Monday, September 11, 2017 at approximately 9:50 PM, DOH Chief of Staff Alexis Lambert returned the call left on the Governor's personal cell phone by contacting Natasha Anderson, CEO of Larkin Community Hospital Behavioral Health Services. Chief Lambert advised Anderson to call 911 if there was any reason to believe that the health or safety of patients was at risk. The Rehabilitation Center at Hollywood Hills reported issues involving air conditioning but did not, at any time during the call, report or indicate that conditions had become dangerous or that the health and safety of their patients was at risk. (I-1)

#### Tuesday, September 12, 2017

On Tuesday, September 12, 2017 at 10:25 AM, an aide for Governor Scott received two voicemails left on the Governor's personal cell phone from Natasha Anderson, CEO of Larkin Community Hospital Behavioral Health Services, and Jorge Carballo, Rehabilitation Center at Hollywood Hills administrator, and referred the information to officials at AHCA and DOH. **(F-4)** 

On Tuesday, September 12, 2017 at 10:52 AM, AHCA confirmed the calls had been received and that follow ups would be made. **(G-1)** 

On Tuesday, September 12, 2017 at 12:50 PM, an aide for Governor Scott received a voicemail left on the Governor's personal cell phone from Natasha Anderson, CEO

of Larkin Community Hospital Behavioral Health Services, and referred the information to officials at AHCA and DOH. (F-1)

On Tuesday, September 12, 2017 at 1:30 PM, the Rehabilitation Center at Hollywood Hills' previously provided update was counted as their current status in the FL Health STAT Database since they did not report any changes. (P-1, P-4, P-8, P-9)

On Tuesday, September 12, 2017 at 2:00 PM, as part of all impacted counties' daily submissions, Broward County submitted a situation report to the state Division of Emergency Management that included an update on all health and medical aspects of storm response in Broward County. Included in this report was a note that the Rehabilitation Center at Hollywood Hills is running on generator power without air conditioning, which is adversely affecting patients, and that a ticket had been put into FPL to ensure priority status. (J-1)

\* Per the timeline released by the Rehabilitation Center at Hollywood Hills to the media, Memorial Regional Hospital System provided spot coolers on 9/12/17 at 3PM. \*

On Tuesday, September 12, 2017 at 4:17 PM, AHCA Health Services & Facilities Consultant Susan Glass returned the call left on the Governor's personal cell phone by contacting Jorge Carballo, Rehabilitation Center at Hollywood Hills administrator. Carballo reported that the Rehabilitation Center at Hollywood Hills was open, that the chiller was not operational pulling outside air but that they had spot coolers and fans, and that power was partial. Elevators, generator, sewer, water, cell phones, computer/internet, refrigeration for food, refrigeration for medication and supplies, telephone, vacuum/suction systems, and water heater/boiler was operational, and gasoline was adequate. Carballo did not, at any time during the call, report or indicate that conditions had become dangerous or that the health and safety of their patients was at risk. Glass advised Carballo to call 911 if there was any reason to believe that the health or safety of patients was at risk. This report was added to the FL Health STAT Database after the call at 4:30 PM. (K-1, L-1)

On Tuesday, September 12, 2017 at 4:41 PM, AHCA Government Operations Consultant Sharon Woodbery returned the calls left on the Governor's personal cell phone by contacting Natasha Anderson, CEO of Larkin Community Hospital Behavioral Health Services. Anderson reported that the Rehabilitation Center at Hollywood Hills was open, that the chiller was not operational pulling outside air but that they had spot coolers and fans, and that power was partial. Elevators, generator, sewer, water, cell phones, computer/internet, refrigeration for food, refrigeration for medication and supplies, telephone, vacuum/suction systems, and water heater/boiler was operational, and gasoline was adequate. Anderson did not, at any time during the call, report or indicate that conditions had become dangerous or that the health and safety of their patients was at risk. This report was added to the FL Health STAT Database after the call at 4:56 PM. (M-1, N-1)

#### Every person who called the Governor regarding this facility received a call back.

\* According to media reports, at approximately 3:00 AM on 9/13/17, the first patient was taken to the hospital from the Rehabilitation Center at Hollywood Hills. Shortly after, three patients were discovered deceased within the facility. A total of eight patients from this facility have tragically passed. \*

At no time during the night of 9/12/17 or the morning of 9/13/17 did the Rehabilitation Center at Hollywood Hills report to AHCA or DOH that emergency services had been called or that evacuations had been implemented.

#### Wednesday, September 13, 2017

On Wednesday, September 13, 2017 at approximately 8:30 AM, following unconfirmed reports of an incident at the Rehabilitation Center at Hollywood Hills, AHCA Secretary Justin Senior contacted Sandra Sosa-Guerrero, CEO of Larkin Community Hospital, which is an affiliated hospital in Miami, who said she would instruct the facility to contact Secretary Senior to provide more information. (O-12)

Shortly after this call, Larkin Community Hospital President and Rehabilitation Center of Hollywood Hills owner Dr. Jack Michel contacted Secretary Senior and confirmed that while the facility had power, they did not have air conditioning but had about 20 spot coolers. Dr. Michel also reported three unconfirmed deaths at the facility and that he would add his Medical Director, Dr. Brian Ibrahim, to the call. (O-12)

Dr. Brian Ibrahim joined the call with Secretary Senior and Dr. Michel and confirmed the initial three deaths of patients on the second floor of the Rehabilitation Center of Hollywood Hills and all patients had been evacuated to Memorial Regional Hospital. Dr. Ibrahim also noted that there were no major health issues between 11 PM and 12 AM the night before and that a physician's assistant went through the facility that night before and found no elevated temperatures after checking the core temperatures of all the facility's patients. He also reported that the facility believed the temperature had never exceeded 80 degrees. (O-12)

## Notification by the State to Report Updates to the FL Health STAT Database on Pre-Storm Hurricane Irma Preparedness

#### First (pre-event) notification:

Delivered To:

Thank You,

FLHealthSTAT Team

Pursuant to Section 408.821(4) Florida Statute, the Agency for Health Care Administration, in partnership with the Department of Health, is requesting all health care providers to report their post-impact statuses for Hurricane Irma regarding census and available beds, facility systems including utility info, evacuation, and facility damage twice daily; by 10:00 AM EDT and 3:00 PM EDT, through Sunday 9/17/17 Note: (1) A numeric value must be entered in each bed type data field. (2) The numbers for Staffed Capacity and Beds in Use may be estimated for any bed type that cannot be readily enumerated. Accurate data and timely participation will help ensure that we have up-to-date information for your facilities should patients need to be received. If you require assistance reporting information for your facility, please contact the FLHealthSTAT Help Desk at 1-888-353-8387, from 8:00 AM to 6:00 PM EDT.

If you need assistance accessing your account or believe you have received this message in error contact our help desk at <a href="mailto:file-alth-systems@flhealth.gov">flhealth-gov</a> or (888) 353-8387.

Thank You,

FLHealthSTAT Team

Pursuant to Section 408.821(4) Florida Statute, the Agency for Health Care Administration, in partnership with the Department of Health, is requesting all health care providers to report their post-impact statuses for Hurricane Irma regarding census and available beds, facility systems including utility info, evacuation, and facility damage twice daily; by 10:00 AM EDT and 3:00 PM EDT, through Sunday 9/17/17 Note: (1) A numeric value must be entered in each bed type data field. (2) The numbers for Staffed Capacity and Beds in Use may be estimated for any bed type that cannot be readily enumerated. Accurate data and timely participation will help ensure that we have up-to-date information for your facilities should patients need to be received. If you require assistance reporting information for your facility, please contact the FLHealthSTAT Help Desk at 1-888-353-8387, from 8:00 AM to 6:00 PM EDT.

# Call to the Florida Emergency Information Line on September 11, 2017 at 5:37 PM

# Call to the Florida Emergency Information Line on September 11, 2017 at 5:37 PM

FEIL: Florida Emergency Information Line, this is Monique, how can I help you?

ANDERSON: Hi, good evening, my name is Natasha Anderson. I'm calling because during our nightly calls with Governor Scott he gave us this phone number as an option to call. I'm the administrator at a 50-bed Psychiatric Hospital in Hollywood Florida and our AC is down and we do have chillers but they're not cooling the building enough and we currently have a total of -between the nursing home and inpatients we have a total of 160 patients so I wanted to see if there is any options for emergencies such as not having AC?

FEIL: Okay, hold on one moment.

ANDERSON: We did call local companies as well to see if there's any more chillers available and nobody has any available. And it's like 80 degrees in the building right now with elderly and psychiatric patients.

FEIL: Okay, okay, you can try calling this number- it's a private sector coordinator.

ANDERSON: Okay.

FEIL: Are you ready for the number?

ANDERSON: Yes ma'am.

FEIL: The number is 850-815-4925.

ANDERSON: Thank you so much, ma'am. I will call them now. Thank you.

FEIL: Your welcome ma'am.

ANDERSON: Okay, bye.

FEIL: Bye.

Importance: High

On 9/12/17 at 4:17pm (12.5 minutes) I spoke with George Cobol at (786) 599-4843 and he informed me that the facility has partial power and was using spot coolers. He said that he contacted the power company gave me a work ticket number of 4301 that he received from the power company. I informed Mr. Cobol that the agency has set up the AHCA complaint line as a hotline; that if something else happens after me updating this information he should call the (888) 419-3456 and for any emergencies to call 911.

This call was a follow up based on an email list requesting hospital/nursing home help.

Susan M. Glass, Health Services & Facilities Consultant

## **Sharon Woodbery's Statement**

On 9/12/2017 at 4:41 pm, I spoke with Natasha Anderson for 10 minutes 21 seconds, who stated she had two facilities on the property; Larkin Community Hospital Behavioral Health Services and Rehab Center at Hollywood Hills.

I informed Ms. Anderson that I would update FIHealthSTAT (FHS) for both of her facilities and began to go through the questions in FHS. Ms. Anderson stated that both facilities were open and there were 19 adults and 2 adolescents at Larkin Community Hospital Behavioral Health Services and 142 residents at Rehab Center at Hollywood Hills. I asked her if both facilities had power or were on generators or somewhere in between. She stated that both facilities had power but no A/C and it was getting more difficult to keep residents comfortable but they had fans and spot coolers in general areas to try to keep residents comfortable. I asked about each of the major systems and again she stated that all were operational and only the A/C was not working. I requested the power company information at which time she conferenced in another facility employee who had the account information. I did not catch his name. He stated they had three accounts, one main account, one account for the chillers and another for a storage building on the property. My understanding from the conversation was that both the EOC and power company had been informed of the A/C issue/need. I entered the account information in the Larkin Community Hospital Behavioral Health Services record and saved my changes. The information for Rehab Center at Hollywood Hills appeared corrected and updated. I made no changes to data.

## **Secretary Justin Senior's Notes**

904 209 0544

Health ready org. Regions 6-7 > we are making outbound calls. Focus on evacuations and special needs shelters. Established an Irma page on our website; has a link to Florida Health Stat, can keep each other informed. Will pull page down after the storm 108 ALF evacuations as of Th. night; 16 hospitals (2 other HCA > Palms of Pasadena i Tampa Comm.). Others on west coast making decisions today. \* Uncology medicines - regimented; methodone clinics. Trying to place people in NHs who are special needs. They have a call down by co; Cons., e.g. can give status on 82 Pacilities right away; New evacuations ordered by locals; concerns about fragile pts. on buses. Gave SG's # to group. [Memory care pts. in partie.] ALFS Pushed Gas Buddy app. Panhandle ALF has room for 40-50. No req. that you evacuate to a like facility, but do always need to think of propriety and staffing, and that local officials know and are OK. EOC - County Call 5.6m under evacuation notices Fuel will return after storm (ports imminent to close); will go first to evacuation areas. Help w/ nh evacuation plans. Housing elderly in county buildings evacuation plan, Medical personnel. Darry/ Locklear out of state. 904 209 0544

Tuesday - noon.

City call w/ Gov, It Gov Davenport -> next call? After storm most likely Clewiston-s clean-up; statewide contract for clean-up they can piggyback? Submit needs via county EOC. Plantation > many cities would like to piggy back; localities tend to have their own debris mamnt; to get FEMA funds, must follow fed quidelines (which state does not do).

Nat'l wet vacs

Guidelines going out re: reopening

Hospital reopening: all "regid" to submit reopening strategy.

No damage, utilities up > you can just open

No damage, but need generators > must get okay from locals.

Damage: our architects will review, may allow opening, or opening w/ damaged area closed off.

Larkin S. Miami - Oxygen next to an evaporator;
Drs Hospital > Sorosofa since 6:45 2d generator  Lost one of 2 feeds, IECD FP/ if they can get  100 chillers broken; AC not on generator to it > its in
Lost one of 2 feeds, TECD FPI If they can get
chillers broken; AC not on generator ) to it > it in
FPLs vault

Strategy today How many days of fuel do you have? - No fuel, broken generator, critical health issue will be prioritized -residents at risk. Go to power co, to local officials, to us, in that order. Bockin - no damage + power = let us i locals know - no damage + generator = confer w/ locals about fuel duration - damage > let us know; we have to survey of outage for wisdom Brevard < Lee > no water ALF call-ALFs don't feel prioritized in power game. \* Not putting Counties in awkward position.
Facility reopening. 8416230# Florida Health Stat > Broward Health reported status under the wrong event Challenges w/ outpt dialysis in some communities. WAIVER Trying to assess the need for blood products DCF > extending Maid eligibility for 30 days for those whose elig: expires between last Fri and now (?)

airport + 0-16 County call St. Johns - Jimmy John 25 m DOT grant question 280 people Collier- Andrew Solis Gasoline is biggest concern. Shelters > Lee area. City call Ports > Tampa ¿ Everglades open. FPL West chase > # saying power restored but it isn't. Boca Raton → Scott Singer - gas status update. Clewiston > dsking for #. - Manor Daks > Broward; has generators, but limited A Signature Health Care of Hialeah -generators not for a/c. Collier - no building & damage 10 7th St Bonita Springs Kiva at Canterbury Mount sanai - okay v Lee: Gene Stuckey 239 464-2143 Broward, Lee, and Collier - we have locals stationed. T/C w/ Gov. Scott Pat Sallivan > Cape Coral - Mem Car leff msq. jony Discovery Village ALF, Naples, FPL V pone 8417 Sierra Meadows Bld 34/13 Generator power - Thurs 11 am (runspart A/C God Answers Prayers ALF Belleview Looking 13470-SE 101 Terr. mbo gledric 1246160011 frade 50005

#### 2.a. If you have no power, provide your utility provider's name & your account number. 2.b. Provide a contact person for your facility and their cell phone number. 2.a. If you are evacuating, what location(s) are you evacuating to? 2.b. Provide contact info for each location. 2.a. If you are evacuating, what location(s) are you evacuating to? 2.b. Provide contact info for each location. Question 2 2.a. If you are evacuating, what location(s) are you evacuating to? 2.b. Provide contact info for each location. 2.a. If you are evacuating, what location(s) are you evacuating to? 2.b. Provide contact info for each location. 2.a. If you are evacuating, what location(s) are you evacuating to? 2.b. Provide contact info for each location. 2.a. If you have no power, provide your utility provider's name & your account number. 2.b. Provide a contact person for your facility and their cell phone number. 2.a. If you have no power, provide your utility provider's name & your account number. 2.b. Provide a contact person for your facility and their cell phone number. 2.a. If you are evacuating, what location(s) are you evacuating to? 2.b. Provide contact info for each location. 2.a. If you are evacuating, what location(s) are you evacuating to? 2.b. Provide contact info for each location. 2.a. If you are evacuating, what location(s) are you evacuating to? 2.b. Provide contact info for each location. 2.a. If you are evacuating, what location(s) are you evacuating to? 2.b. Provide contact info for each location. 2.a. If you are evacuating, what location(s) are you evacuating to? 2.a. If you are evacuating, what location(s) are you evacuating to? 2.b. Provide contact info for each location. a. If you have no power, provide your utility provider's name & your account number. 2.b. Provide a contact person for your facility and their cell phone number. .a. If you are evacuating, what location(s) are you evacuating to? 2.b. Provide contact info for each location. If you have no power, provide your utility provider's name & your account number. 2.b. Provide a contact person for your facility and their cell phone number 2.b. Provide contact info for each location.

Answer 2

## Question 3

3.a. If you are evacuating, is it full or partial? 3.b. How many are evacuating? 3.c. What location(s) are you evacuating to? Provide point of contact info for each location 3.a. If you are evacuating, is it full or partial? 3.b. How many are evacuating? 3.c. What location(s) are you evacuating to? Provide point of contact info for each location 3.a. If you are evacuating, is it full or partial? 3.b. How many are evacuating? 3.c. What location(s) are you evacuating to? Provide point of contact info for each location. What is your current client population demographics (type of dependency and number of clients for each): 3.a. electricity 3.b. insulin 3.c. life support/ventilator 3.d. oxy. What is your current client population demographics (type of dependency and number of clients for each): 3.a. electricity 3.b. insulin 3.c. life support/ventilator 3.d. oxy. What is your current client population demographics (type of dependency and number of clients for each): 3.a. electricity 3.b. insulin 3.c. life support/ventilator 3.d. oxy What is your current client population demographics (type of dependency and number of clients for each): 3.a. electricity 3.b. insulin 3.c. life support/ventilator 3.d. oxy What is your current client population demographics (type of dependency and number of clients for each): 3.a. electricity 3.b. insulin 3.c. life support/ventilator 3.d. oxy What is your current client population demographics (type of dependency and number of clients for each): 3.a. electricity 3.b. insulin 3.c. life support/ventilator 3.d. oxy What is your current client population demographics (type of dependency and number of clients for each): 3.a. electricity 3.b. insulin 3.c. life support/ventilator 3.d. oxy What is your current client population demographics (type of dependency and number of clients for each): 3.a. electricity 3.b. insulin 3.c. life support/ventilator 3.d. oxy What is your current client population demographics (type of dependency and number of clients for each): 3.a. electricity 3.b. insulin 3.c. life support/ventilator 3.d. oxy What is your current client population demographics (type of dependency and number of clients for each): 3.a. electricity 3.b. insulin 3.c. life support/ventilator 3.d. oxy What is your current client population demographics (type of dependency and number of clients for each): 3.a. electricity 3.b. insulin 3.c. life support/ventilator 3.d. oxy What is your current client population demographics (type of dependency and number of clients for each): 3.a. electricity 3.b. insulin 3.c. life support/ventilator 3.d. oxy a. If you are evacuating, is it full or partial? 3.b. How many are evacuating? 3.c. What location(s) are you evacuating to? Provide point of contact info for each location a. If you are evacuating, is it full or partial? 3.b. How many are evacuating? 3.c. What location(s) are you evacuating to? Provide point of contact info for each location

Answer 3
//gen 3.e. t

# Question 4

If you are able to take evacuees, what types of clients are you able to accept (type of dependency and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life su If you are able to take evacuees, what types of clients are you able to accept (type of dependency and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life support of the If you are able to take evacuees, what types of clients are you able to accept (type of dependency and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life support of the If you are able to take evacuees, what types of clients are you able to accept (type of dependency and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life support of the content of the If you are able to take evacuees, what types of clients are you able to accept (type of dependency and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life support of the f you are able to take evacuees, what types of clients are you able to accept (type of dependency and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life support and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life support and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life support and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life support and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life support and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life support and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life support and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life support and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life support and number of clients for each and number If you are able to take evacuees, what types of clients are you able to accept (type of dependency and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life sur 4.a. If you have evacuated, are you able to re-enter? 4.b. If able to re-enter, when will you? f you are able to take evacuees, what types of clients are you able to accept (type of dependency and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life su f you are able to take evacuees, what types of clients are you able to accept (type of dependency and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life support of the f you are able to take evacuees, what types of clients are you able to accept (type of dependency and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life support of the f you are able to take evacuees, what types of clients are you able to accept (type of dependency and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life support of the f you are able to take evacuees, what types of clients are you able to accept (type of dependency and number of clients for each): 4.a. electricity 4.b. insulin 4.c. life support of the support of the

- 4.a. If you have evacuated, are you able to re-enter? 4.b. If able to re-enter, when will you?
- 4.a. If you have evacuated, are you able to re-enter? 4.b. If able to re-enter, when will you?
- 4.a. If you have evacuated, are you able to re-enter? 4.b. If able to re-enter, when will you?

4.a. If you have evacuated, are you able to re-enter? 4.b. If able to re-enter, when will you?

## Broward County's Timeline (Post Death)

### **REHABILITATION CENTER OF HOLLYWOOD HILLS/LARKIN**

**SEPTEMBER 13, 2017** 

Timeline of Events/Summary of Situation

- On September 12, 2017, ESF8 (Health and Medical) conducted "call downs" of nursing home and other facilities housing vulnerable populations to assess needs. Upon completing calls to 36 facilities, no emergency situations were reported, nor were any requests for medical transport made. However, every nursing facility that was identified as being on generator power was documented in the WebEOC emergency database system and escalated to FPL (ESF12), as well as the Department of Homeland Security (Critical Infrastructure).
- Nursing Homes on generator power were then called every two hours by ESF8.
- On September 13, 2017, shortly after 7:00 AM, a call was received by ESF8 from a Nurse Superintendent of Memorial Regional indicating that the facility was being evacuated.
- ESF8 submitted the information into the system, but were notified by Memorial Regional (Ms. Frum) at 7:13AM that it was actually a nearby facility (Larkin) that had been evacuated and that memorial staff were on the scene providing life-saving CPR. The nurse also indicated that some patients were exhibiting very high body temperatures.

- ESF8 called 9-1-1, which because of the EOC's location in Plantation, was routed from Plantation 9-1-1 to Hollywood 9-1-1, which indicated that they had not previously been notified of the emergency.
- The County's Medical Examiner, Dr. Craig Mallak contacted ESF8
  and spoke to his on-site EOC representative about the situation,
  of which he was already aware, since two individuals had already
  been pronounced dead, and another was being removed from a
  ventilator at that time.
- Both Hollywood Hills Rehab facility and the Larkin Behavioral Health facility (connected and affiliated properties, both of which submitted CEMP as required by State Law, which was approved and is on file with the County's Department of Emergency Management) evacuated patients to several hospital facilities.
- The Medical Examiner's Office deployed investigators to the scene, whereupon three other individuals were found deceased.
- Those not requiring hospitalization were temporarily housed at Memorial Regional Hospital's Auditorium, while others were transported to nearby hospitals that could accommodate them.
- Around 9:15AM, the WebEOC system listed updated information about the situation that indicated that up to 10 people may be in critical condition; at which time, EOC staff and policy group outside the ESF8 began evaluating the CEMP on file.
- It was determined that Hollywood Hills has an active Mutual Aid Agreement, in the event of an emergency/disaster, with another facility located in Fort Lauderdale, and both Larkin and Hollywood Hills have active transportation agreements. ESF8 was able to activate the CEMP, confirm that the nursing home facility identified in the Mutual Aid Agreement was not on generator power, and contact that facility to determine its availability to

- accept patients. Manor Oaks facility is accepting 15 patients and Manor Pines (affiliated facility) is accepting 15, as well.
- At 12:45PM, it was reported that there were now six confirmed deaths and that the facility is under criminal investigation.
- Agency for Healthcare Administration, law enforcement, medical examiner investigators and others are on scene.
- At this time, ESF8 continues to regularly contact wellness checks of 282 ALFs.

Mr. Ryan,

Thanks for sharing this. When a nurse has a patient emergency he should contact 911 and not you. This nurse also had one of the largest and best hospitals in the state across the street with a/c, electricity, water and ice.

The facility that emailed you and the facility where the deaths occurred have common ownership.

Justin

On Sep 14, 2017, at 3:02 PM, Ryan, Tim < TRYAN@broward.org > wrote:

Dear Secretary Senior:

I am forwarding with this message an e-mail that my staff found today when reviewing hundreds of e-mails received during Hurricane Irma. As you will see, the message refers to the loss of power at Larkin Community Hospital Behavioral Health Services in Hollywood, FL. My office received no other communications from this facility.

Upon inquiry, I am informed this may be the same facility as Hollywood Hills Nursing Home, which is the subject of an investigation regarding the loss of eight patients' lives. As you must be aware, Broward County Offices were closed at the time this message was received. My understanding is that emergency management procedures provide specific direction for nursing home facilities who are facing a need to request assistance. An e-mail to a closed government office is certainly not consistent with those procedures.

I felt it important to provide you with this e-mail in the event it would be helpful to your investigation.

Tim Ryan
Broward County Commissioner - District 7
115 S. Andrews Avenue
Fort Lauderdale, FL 33301

Subject: Larkin Community Hospital Behavioral Health Services in Hollywood FL

Dear Mr. Ryan,

My name is Joaquin Machado and I'm the Director of Nursing at the facility mentioned above. I'm reaching you asking for your help as we have an emergency situation in our facility caused by the recently hurricane that had affected our area.

We have two crisis units one for adult patients and one for adolescent patients. At this moment we have no AC in our units and because we are a psych crisis unit we can't have open windows. All behavioral health units are at capacity which makes impossible for us to transfer our patients. We need to know if there is an emergency team who can come and help us to fix the problem that is getting worse by hours with no proper ventilation.

We will appreciate your prompt response and help.

Sincerely

Joaquin Machado, MSN/ED, RN Director of Nursing
