Notary Coordinator  
Executive Office of the Governor

RE: Investigation of Florida Notary Public Gaylynn Driver

Dear Ms. Burns,

This letter is in response to your letter dated 8/12/16 concerning the above referenced investigation.

Please be advised that I have submitted all of the information and supporting Affidavits regarding the investigation in my original response dated April 7, 2016. This includes the Sworn Response of Notary Public, Item 1. stating that my husband, Burt Driver, did sign the Affidavit that I notarized while in my presence on May 21, 2015.

It is prudent to keep in mind during your investigation that signatures from the same person vary considerably. For example, a rushed or tired signature looks different than one signed by the same person in a non-rushed or non-tired state. Signatures placed on store electronic devices used to purchase groceries, etc. look different from the signature of the same person on a note of condolence or a birthday card.

Please be assured that I do understand the importance of knowing and abiding by the Florida Statutes concerning a Notary Public and I intend to abide by all of these laws. If I am unsure of any notarial processes and procedures, I will take the time to investigate so that I may act in the correct, lawful manner.

I understand the seriousness of my offense in notarizing my husband's signature which, as stated in my previous correspondence, was unknown to me at the time.

Please accept my deepest apology and regret, as this will not happen again at any time in the future.

Sincerely,

Gaylynn Driver
