Nature of Complaint:
4/25/16 -- Complainant called the mainline and expressed concerns about Kim Moore, who was appointed to the FAMU Board of Trustees. EA Osborne attempted to refer complainant to FAMU OIG but he questioned why he would need to talk with that office. It was explained to the complainant that it would fall within the jurisdiction of FAMU OIG and he thought that it would fall within the OCIG since the appointment was done on the state level through the Governors Office. Complainant stated that he would like to write a letter to Ms. Miguel and the mailing address for was provided to him. Complainant then asked for a copy of the date stamped letter he wrote to Ms. Miguel around April 19, 2016. Complainant asked if it would be date stamped. Complainant was advised that if he wrote to Ms. Miguel and received by this office it would be date stamped. During the conversation EA Osborne searched the database and found that a letter was received from the complainant on April 20, 2016, and it was uploaded to CIG #201604040002. Complainant asked if he would receive a confirmation letter of his public records request. It was explained to the complainant that he would receive a letter from this office once the requested document(s) was compiled advising him that it has been provided to the Office of Open Government and they would be in contact with him. Address for the complainant was confirmed and the call was then concluded. (JOsborne)
