

Resilient Florida Grant Program Awards Fiscal Year 2022-23

Project Sponsor	Project Title	Funding Amount
Broward County	Replacement of Andrews Avenue Bridge (860159) Over Canal C-13/Middle River	\$3,500,000
Broward County	North New River Canal Resilience: Septic to Sewer Conversion	\$1,500,000
Broward County	SE 3rd Avenue Bridge (864071) Over New River Scour Protection	\$1,000,000
Broward County	Dania Cut-Off Canal Resilience: Septic to Sewer Conversion	\$4,750,000
Broward County	Wastewater Master Pump Station (No. 300) Resilience Rehabilitation	\$2,900,000
Broward County	Replacement of NE 56th Street Bridge (864065) Over Cypress Waterway	\$2,750,000
Broward County	Port Everglades Bulkhead Replacement Project - Group 1	\$32,536,859
Broward County	Groundwater Resilience: Septic to Sewer Conversion	\$4,500,000
Broward County	Boulevard Gardens Neighborhood Stormwater Improvements	\$8,750,000
Broward County	Andrews Avenue Bridge (860319) Over New River Scour Protection	\$1,000,000
Broward County	FLL Edgewood Park Stormwater Project	\$178,650
Broward County	FLL System 1 Basin B Stormwater Interconnection Project	\$242,450
Broward County	FLL System 1 Basin A Stormwater Interconnection Project	\$259,100
Broward County	Broward County Canal Structure S-27 Resilience Improvements	\$850,000

PROTECTING TOGETHER

Broward County	SW 7th Avenue Bridge (864072) Over New River Scour Protection	\$1,000,000
Broward County	Broward County Canal Pump Station (S-45) Resilience Improvements	\$600,000
City of Atlantic Beach	Cavalla Road Lift Station Flood Protection	\$184,250
City of Boca Raton	City of Boca Raton Lake Wyman Living Shoreline Project	\$700,000
City of Boca Raton	City of Boca Raton Old Floresta Innovative Sustainable Stormwater Infrastructure Project	\$627,500
City of Bonifay	City of Bonifay Critical Stormwater Infrastructure	\$2,500,000
City of Bradenton	LS03 Expansion and LS13 Demolition	\$2,937,875
City of Cocoa	Dixon Blvd. at Indian River Drive Water Quality and Resiliency Project	\$1,619,449
City of Dania Beach	Dania Beach Lift Stations 4,11, and 12 Mitigation	\$2,005,500
City of Delray Beach	Historic Marine Way Seawall, Roadway and Drainage Improvement	\$10,000,000
City of Delray Beach	Thomas Street Stormwater Pump Station Improvement	\$2,500,000
City of Fort Lauderdale	Progresso Stormwater Flooding Improvements - City of Fort Lauderdale	\$13,495,743
City of Fort Lauderdale	Dorsey Riverbend Stormwater Flooding Improvements	\$10,482,997
City of Fort Pierce	Ft. Pierce Utilities Authority Resilient Wastewater Adaptation	\$15,000,000
City of Gainesville	Glen Springs Creek Restoration	\$239,758
City of Hampton	City of Hampton Stormwater Infrastructure, Flood/Drainage Mitigation	\$225,950
City of Jacksonville	McCoys Creek Branches Restoration Construction	\$5,177,094
City of Miami	Construction of Auburndale Flood Improvements	\$9,149,197
City of Miami Beach	Bayshore Park Retention Lake Resiliency Project	\$3,029,472
City of Miami Beach	West Avenue Neighborhood Adaptation Project	\$10,000,000

PROTECTING TOGETHER

City of New Smyrna Beach	North Atlantic Avenue Drainage Improvements	\$837,500
City of Port St. Lucie	City of Port St. Lucie Force Main Interconnect for Wastewater Treatment Resiliency	\$8,762,155
City of Sarasota	Sarasota Bay Resiliency Initiative	\$2,588,000
City of Satellite Beach	City of Satellite Beach: Public Works/Fire Station Construction Project	\$5,000,000
City of St. Petersburg	Shore Acre Resiliency Infrastructure Project	\$7,874,335
City of Tallahassee	Orange/Meridian Placemaking Project East Drainage Ditch Improvements Design, Permitting, and Land Acquisition	\$572,052
City of Tampa	Lamb Avenue Canal Rehabilitation for Flood Relief	\$5,000,000
City of West Palm Beach	West Palm Beach Tidal Valve Adaptation Project	\$800,000
City of Williston	John Henry Celebration Park Drainage Improvements	\$834,179
Escambia County	Moreno and R Street Retention Pond	\$177,388
Escambia County	Eleven Mile Creek North Stream Restoration and Stormwater Enhancement	\$2,656,000
Indian Trail Improvement District	M-O Canal Control Structure	\$397,110
Jackson County	Charm Road Drainage Improvements	\$380,500
Martin County	Stormwater Backflow Preventer Installation Program Phase II	\$198,380
Martin County	Cypress Creek Restoration Project	\$750,000
Martin County	SW Mockingbird Lane Flood Mitigation	\$1,807,000
Miami-Dade County	Raising Canal Bank Elevation in Secondary Canals of the C-8 Basin to Protect against Flooding and Sea Level Rise	\$4,225,000
Miami-Dade County	Full Restoration of the Environmentally Endangered Lands Program Managed Habitat located at Matheson Hammock	\$2,500,000
Miami-Dade County	Storm Water Improvements - West Transfer Station	\$250,000
Miami-Dade County	Protecting a Coastal Regional Wastewater Treatment Plant Vulnerable to Sea Level Rise and Storm Surge Flooding	\$10,000,000

PROTECTING TOGETHER

Monroe County	Monroe County Area 26 Road Elevation Resiliency and Adaptation Project #2	\$3,566,825
Monroe County	Shoreline 1 Long Key Living Shoreline Adaptation Project	\$900,000
Monroe County	Shoreline 3 Duck Key Living Shoreline Adaptation Project	\$3,327,266
Nassau County	Thomas Creek Land Acquisition	\$1,400,000
Okeechobee County	Berman Road Drainage	\$1,557,522
Palm Beach County	Corbett WMA Levee Upgrade to Protect ITID from Overtopping and Breaching and Provide Southeast Corbett with Improved Recession Rates	\$7,705,000
Peace River Manasota Regional Water Supply Authority	Peace River Regional Reservoir No. 3 (PR3) Project - Final Engineering	\$7,500,000
Santa Rosa County	Floridatown Living Shoreline Implementation Project	\$94,501
South Florida Water Management District	Coastal Structures Enhancement and Self-Preservation Mode	\$6,290,625
South Florida Water Management District	Hardening of S-2, S-3, S-4, S-7, S-8 Engine Control Panels - Building Resiliency in Water Management South of Lake Okeechobee	\$8,500,000
South Florida Water Management District	L8 FEB / G-539 Pump Resiliency Upgrades	\$4,000,000
St. Johns County	Coastal Groves Park Shoreline Restoration	\$450,000
St. Johns County	San Julian Secondary Outfall (Drainage System Upgrade)	\$421,950
Tohopekaliga Water Authority	Buena Ventura Lakes Water Treatment Plant (BVL WTP) Flood Mitigation Improvements	\$1,529,187
Town of Alford	Town of Alford Critical Stormwater Mitigation Project	\$2,976,784
Town of Cinco Bayou	Glenwood Stream Restoration	\$500,000
Town of Palm Beach	Wastewater System Resilience: A-39 Pump Station Dry Floodproofing	\$435,000
Town of Sewall's Point	South Sewall's Point Road Phase 2	\$2,900,000

PROTECTING TOGETHER

Town of Sewall's Point	South Town of Sewall's Point Septic to Sewer (area south of SR A1A)	\$8,400,000
Volusia County	Installation of Flood Mitigation Measures to Daytona Regional Library	\$800,000
		\$275,056,103
