10 Principles of Wraparound

- | | |
|---------------------------|--------------------------|
| 1.) Family Voice & Choice | 6.) Culturally Competent |
| 2.) Team- based | 7.) Individualized |
| 3.) Natural Supports | 8.) Strengths-based |
| 4.) Collaboration | 9.) Persistence |
| 5.) Community-based | 10.) Outcome-based |

-What have you/ your agency done this month to support the guiding principles?

Cabinet Values

To establish and insure values based on the belief that every child and family has the right to be safe, healthy, educated, and employable. Those values/responsibilities are, but are not limited to:

- Work and interact with integrity
- Be culturally aware and sensitive
- Promote family focused intervention options
- Encourage children and families to communicate their needs and desires in shaping policy and are heard
- Address child and family needs upon request
- Focus on evidenced based practices
- Integrate services
- Participate as a unified voice for children
- Be outcome driven
- Be prevention focused
- Engage in interagency and community collaboration
- Work in partnership to achieve goals
- Adopt a “no wrong door” policy that assures all agencies with representation on The Children’s Cabinet will take responsibility for linkage to other agencies for services they do not provide.
- Work effectively with community resources
