# FLORIDA COUNTS

## CENSUS 2020

# Our Objectives

- ▶ Develop actionable concepts that can lead to a stronger awareness & outreach campaigns to reach the communities we serve
- ▶ Build Connections and seed collaborations between organizations committed to a successful 2020 Census

# Why local governments have a vested interest in the Census

## Political Power

Census is constitutionally mandated for re-apportionment of Congress

Census results are used for Redistricting at national, state, and local levels.

## Money/Economic Impact

**\$675 Billion/year (\$7 Trillion over the decade) for 2020**

**\$45 Billion for Florida/year**

Why do we  
need to  
care?

- ▶ Florida is home to large numbers of traditionally hard-to-count groups

# Some HTC Indicators

- ▶ Persons at or below poverty
- ▶ Persons receiving public assistance, disability, or SSI
- ▶ Concentrations of minority groups, immigrants, linguistically isolated communities, migrant workers
- ▶ Areas with high concentrations of low educational attainment (no high school diploma)
- ▶ 5% or more who speak a language other than English at home
- ▶ Single parents

# HTC Population

- ▶ People in mobile / homeless families with children (8,300 in 2018) and students (76,211 in 2016-2017)
- ▶ Non-English speakers (28.7% speak something other than English at home)
- ▶ Children ages 0-4 (1,117,420, 5.4%) ★
- ▶ Low levels of education (9.9% of parents lack HS diploma)
- ▶ Children living in high poverty neighborhoods (11.2%)
- ▶ Living in rental households (35.8%)
- ▶ Grandparents responsible for their grand children (31.0%)
- ▶ Complex households (children in single-parent families 35.3%)
- ▶ Limited access to internet (17.3% percent of households have no internet subscription or dialup) ★

# Severe Undercount

- ▶ Statewide, >71,307 0-4 year olds were undercounted in 2010 (6.2%)
- ▶ We are missing \$67M dollars ANNUALLY because of the young child undercount
- ▶ And whatever we miss in 2020, we will live that for the next 10 years

# Why do we need to care?

- ▶ SNAP
- ▶ Federal Pell Grant
- ▶ National School Lunch
- ▶ Temporary Assistance for Needy Families
- ▶ Section 8 Housing Voucher
- ▶ Special Education Grants to States
- ▶ Head Start
- ▶ Medicaid
- ▶ Children's Health Insurance Program
- ▶ Title IV-E Foster Care
- ▶ Title IV-E Adoption Assistance

This  
translates to  
dollars

- ▶ Florida missed \$946 per person in FMAP programs in 2010
- ▶ Just an additional 1% undercount in 2010 would result in \$178 million loss in funding
- ▶ State budget. Florida received about \$45 billion (FY 2016) in federally allocated dollars based on the state's Census 2010 count

# Key Dates

- ▶ **Jan 2020:** Outreach should begin into HTC communities by local organizations
- ▶ **March 2020:** Invitation letters sent. Postcards are mailed
- ▶ **April 1, 2020:** Census Day is observed nationwide. By this date, every home will receive an invitation to participate in the 2020 Census.
- ▶ **April 2020:** Census takers begin visiting college students who live on campus, people living in senior centers, and others who live among large groups of people.
- ▶ **May 2020:** The Census Bureau begins visiting homes that haven't responded to the 2020 Census to make sure everyone is counted.
- ▶ **December 2020:** The Census Bureau delivers apportionment counts to the President and Congress as required by law.
- ▶ **March 31, 2021:** By this date, the Census Bureau will send redistricting counts to states. This information is used to redraw legislative districts based on population changes.

## WHAT WE WILL SEND IN THE MAIL

On or between	You'll receive:
March 12-20	An invitation to respond online to the 2020 Census. (Some households will also receive paper questionnaires.)
March 16-24	A reminder letter.
	<b>If you haven't responded yet:</b>
March 26-April 3	A reminder postcard.
April 8-16	A reminder letter and paper questionnaire.
April 20-27	A final reminder postcard before we follow up in person.

### We understand you might miss our initial letter in the mail.

- Every household that hasn't already responded will receive reminders and will eventually receive a paper questionnaire.
- It doesn't matter which initial invitation you get or how you get it—we will follow up in person with all households that don't respond.

# Invitation

## Letter Invitation

- Most areas of the country are likely to respond online, so most households will receive a letter asking you to go online to complete the census questionnaire (or to respond by phone).
- We plan on working with the U.S. Postal Service to stagger the delivery of these invitations over several days. This way we can spread out the number of users responding online, and we'll be able to serve you better if you need help over the phone.

## Letter Invitation and Paper Questionnaire

- Areas that are less likely to respond online will receive a paper questionnaire along with their invitation. The invitation will also include information about how to respond online or by phone.

## What's New with this Census Self-Response for 2020 Census

In previous censuses, the **primary method** of responding to the census was to receive a questionnaire in the mail...complete it and mail it back

**HOWEVER**, for the **2020 Census**, the **INTERNET** is the **primary method** for households to self respond

# Optimizing Self-Response for 2020 Census

- ▶ **Secondary** ways of responding to the 2020 Census
  - ▶ **Toll-free number**
    - ▶ Can call Census any time, people Questionnaire Assistance centers and get help completing their Census on the Internet...OR
    - ▶ Households can complete their Census with one of our staff over the telephone
  - ▶ **Traditional questionnaire** (can be requested via the toll-free number)
  - ▶ Non Response Follow Up operation
    - ▶ Enumerators visit the household to conduct the interview

# Languages

- ▶ You can fill out an ONLINE CENSUS QUESTIONNAIRE in English, Spanish, Chinese (Simplified), Vietnamese, Korean, Russian, Arabic, Tagalog, Polish, French, Haitian Creole, Portuguese, and Japanese
- ▶ You can RESPOND TO THE QUESTIONNAIRE by PHONE in English, Spanish, Chinese (Mandarin & Cantonese), Vietnamese, Korean, Russian, Arabic, Tagalog, Polish, French, Haitian Creole, Portuguese, and Japanese
- ▶ You can fill out a PAPER CENSUS QUESTIONNAIRE in English or Spanish

**Start here** OR go online at [url removed] to complete your 2020 Census questionnaire.

Use a blue or black pen.

Before you answer Question 1, count the people living in this house, apartment, or mobile home using our guidelines.

- Count all people, including babies, who live and sleep here most of the time.
- If no one lives and sleeps at this address most of the time, go online at [url removed] or call the number on page 8.

The census must also include people without a permanent place to live, so:

- If someone who does not have a permanent place to live is staying here on April 1, 2020, count that person.

The Census Bureau also conducts counts in institutions and other places, so:

- Do not count anyone living away from here, either at college or in the Armed Forces.
- Do not count anyone in a nursing home, jail, prison, detention facility, etc., on April 1, 2020.
- Leave these people off your questionnaire, even if they will return to live here after they leave college, the nursing home, the military, jail, etc. Otherwise, they may be counted twice.

**1. How many people were living or staying in this house, apartment, or mobile home on April 1, 2020?**

Number of people =

**2. Were there any additional people staying here on April 1, 2020 that you did not include in Question 1?**

- Children, related or unrelated, such as newborn babies, grandchildren, or foster children
- Relatives, such as adult children, cousins, or in-laws
- Nonrelatives, such as roommates or live-in babysitters
- People staying here temporarily
- No additional people

**3. Is this house, apartment, or mobile home —** Mark  ONE box.

- Owned by you or someone in this household with a mortgage or loan? *Include home equity loans.*
- Owned by you or someone in this household free and clear (without a mortgage or loan)?
- Rented?
- Occupied without payment of rent?

**4. What is your telephone number?**

*We will only contact you if needed for official Census Bureau business.*

# Questionnaire

# Can you make devices available to the public for response?

According to the U.S. Census Bureau Guidelines:

- ▶ If you make devices available to the public to allow individuals to provide their own responses to the 2020 Census, then those devices should be made available at an event or other public location like a community center, place of worship, or school.
- ▶ When making the device available, be clear that you are not an employee or representative of the Census Bureau.
- ▶ To ensure that the public does not confuse you for a Census Bureau employee, do not use the Census Bureau's logo or other branding in any way when making devices available for response. You may use your organization's logo.
- ▶ Point of clarification: You may also use the "2020 Census" logo which is different from the U.S. Census Bureau logo.
- ▶ You may, subject to the Census Bureau's brand guidelines, use the 2020 Census logo on certain outreach materials to promote the 2020
- ▶ Cybersecurity guidance: <https://censuscounts.org/gotc-toolkit-cybersecurity/>

# Can you assist people with their response?

According to the U.S. Census Bureau Guidelines:

- ▶ Only Census Bureau employees may collect responses directly from individuals. If you are providing devices for individuals to provide their own responses online, do not enter that individual's responses for them or watch them enter their responses. In other words, devices should not be "staffed."
- ▶ **IMPORTANT NOTE: If people still request your assistance with online response, you can provide this assistance. But please inform them that you are not a U.S. Census Bureau employee and therefore their answers are not protected by law with you. Their response is only protected by the U.S. Census Bureau once their response is received.**
- ▶ Stakeholders should create an environment where individuals can respond without interference. This environment should ensure that someone's responses cannot be seen by anyone unless they are a sworn Census Bureau employee. Census Bureau employees are sworn for life under the law to keep an individual's responses confidential.
- ▶ If a member of the public requests assistance in completing their form, please direct them to the response option (online, phone, mail/paper, census taker visit to the home) that best suits their needs. For example, if an individual is responding online and needs language assistance, or if a person who is blind requests help with the online response Web site, please encourage them to respond through the phone response option, instead of the online response option.

# Confidentiality

- ▶ Under Title 13 of the U.S. Code, the Census Bureau cannot release any identifiable information about individuals, households, or businesses, even to law enforcement agencies.
- ▶ Census data are protected by the strictest confidentiality protections in federal law. The U.S. Census Bureau, the Commerce Department, and their employees may not reveal a person's data gathered through the census to anyone.
- ▶ That means they are prohibited from sharing your data with federal agencies, immigration authorities, law enforcement, or courts of law. **Federal law does not allow your personal census information to be used against you by immigration authorities, a court of law, local housing agencies, any law enforcement agency, or any other government officials, for any reason whatsoever.** You are protected from harm in many ways.
- ▶ Government workers who violate these privacy protections can be punished with fines of up to \$250,000 and jail terms of up to five years.

# Opportunities

- ▶ Access the internet through smartphones
- ▶ Felt that daycare, schools and job training were very important
- ▶ That the most important reason to respond to the Census was to determine funding for their community
- ▶ Felt that the Census was important for civil rights enforcement, making a better future for their community and showing pride in their heritage

# Messaging that works

- ▶ Knowledge of the Census and its impact
  - ▶ E.g., Census is used to determine funding for important services (school, child care, transportation)
- ▶ The effects of the Census count last for a decade, which may be longer than their child's lifespan
- ▶ Use trusted messengers

# Census Checklist

- ▶ What events do I have planned that I can use to reach families that I can piggy back onto?
- ▶ Does you have computers that families could use to complete the Census?
- ▶ Find out how your local library is supporting the Census that might be a resource to families
- ▶ Borrow or write a script to use in phone alert systems that update parents

# Make it personal

Talk to them about how the Census funds, and be specific as possible

- ▶ Medicaid
- ▶ School breakfast and lunch programs
- ▶ HeadStart and child care programs
- ▶ Job preparation and vocational programs that help them get jobs or get better jobs
- ▶ Disaster (e.g., hurricane) relief
- ▶ Roads and transportation improvements

## Prevent RESPIRATORY ILLNESS —it's in your hands!

FloridaHealth.gov

Wash your hands often with soap and water. If you don't have soap and water, use a hand sanitizer that is at least 60% alcohol based.

Clean and disinfect frequently touched surfaces.

Stay home when you're sick, and keep your children home when they're sick.

Cover your mouth and nose with a tissue when you cough or sneeze. If you don't have a tissue, cough or sneeze into your upper sleeve or elbow, not your hands.

Try not to touch your face with unwashed hands.

Don't touch or shake hands with people who are sick.

## The 27th Annual National Foster Care Conference

*“Footsteps to the Future”*

May 6-8, 2020

Kissimmee, FL

**\*\*13 CEU's Available\*\***

As a leader in providing Foster Care services, Daniel also seeks to help other professionals, organizations and parents build and maintain comprehensive and effective Foster Care Programs. Since 1994, Daniel has been hosting this highly informative and educational conference for professionals and parents throughout the country.

In the tradition of building and sharing expertise, the Annual Foster Care Conference will address a wide variety of problems facing foster care specialists, foster parents and various social service professionals who desire to enhance their skills in order to create the best foster home environment. The conference will offer numerous seminars, general sessions, workshops, exhibits, and networking opportunities designed both for professionals interested in increasing the effectiveness of their programs and for foster parents desiring to improve their parenting skills. Each general session and workshop will present innovative ideas on how those of us working with youth can deal with the ever-changing situations we face.
