

Interface Status Summary

#	Agency Requesting Information	Partner Agency	Interface	Data Description	Purpose and high level data requested	Benefits/Reason for Interface	Barriers if Any (e.g. statutory restrictions, federal legislation, etc.)	Lead Contact
1	Florida Office of Early Learning	Florida Department of Children and Families (DCF)	Provider Licensing	Provider demographics including licensure, accreditation, staff credentials, location and contact info	Purpose of Interface: Requesting licensing/accreditation status for all childcare providers within the state of Florida. (SR and VPK)	Benefits: 1. Childcare providers will only have to provide documentation to one source. 2. Will require childcare providers to update their records to only one Agency (DCF) 3. reduces instances of suspected fraud as only one source from which records will be obtained		Art Harwood (921.9676), overall agency contact; Carrie Banks (941.486.2575), Training contact
2	Florida Office of Early Learning	Florida Department of Children and Families (DCF)	Florida Safe Family Network	Parent and child demographics, reason for referral, caseworker contact info	Purpose of the interface: Automates referral process between the Agency (DCF) and the Office. Provides status messages to referring partner for the following statuses: child care placement, change in child care providers, changes in members of the household. Reports excessive absences. Automates placement exceptions and fee waiver requests.	Benefits: 1. Referring Partner (DCF) is informed immediately on changes in child care placement or changes within the household which may require case manager action. 2. Notifies referring partner when child(ren) absences exceed expectations 3. Ensures additional protections for changes that may initiate a response from the referring partner when they are reported to a coalition first. 4. Establishes statewide consistency in the placement of At-Risk children in placement exceptions and/or fee waiver requests		Art Harwood (921.9676), overall agency contact; Grendy Henry (717.4659), Family Safety Program Office
3	Florida Office of Early Learning	DEO / Office of Workforce Services (OSST)	Workforce Referral	Parent and child demographics, reason for referral, household financial status, caseworker contact info	Purposes of the interface : Automates the current child care referral process for customers receiving Workforce services that are current or former TANF recipients.	Benefits: 1. reduces phone calls between referring Agency and child care agency.		Steven Bynum (921-3126) - Workforce Referral Nancy Salmon (921-3339), Christy Stringer (245-7491) - Workforce Employment
4	Florida Office of Early Learning	Florida Department of Health (DOH)	Vital Statistics	Birth, death, marriage and divorce records	Purpose for the interface: Verifies DOB for all children born in Florida. Also verifies marriage, divorce and death status for custodians with SR.	Benefits 1. Reduces expectation for custodians to provide documentation for DOB across multiple benefit programs. 2. Reduces possible instances of suspected fraud by updating most current marital status within SR program		Gary Sammet (904-359-6961), Operations Manager
5	Florida Office of Early Learning	DEO / Office of Workforce Services (OSST)	Workforce Employment	ELIS custodians' recent household income as reported to Workforce Services	Purposes of the interface : Obtains employment history (most current reported year of employment) for all custodians of record in SR.	Benefits: 1. reduces suspected fraud for unreported and underreported earned income of custodians within SR program		

Interface Status Summary
