Applications will be accepted on the deadline, however must be either hand-delivered or post-marked by the deadline. Exceptions will only be made if referred directly by a senior staff member of the Governor’s Office.

The Internship Coordinator will review the application, interview the applicant, and refer potential applicants to offices throughout the administration. All applicants must be interviewed by the Internship Coordinator either in person or via phone if a face-to-face interview is not possible. Applicants may be asked to complete a follow-up interview with their potential office, if necessary.
DRUG & BACKGROUND SCREENS
Prior to acceptance and placement into the internship program, final candidates will be required to undergo a drug screen. In addition, some candidates may also be required to undergo a background screen. Final candidates will be notified of the procedures for a drug screen and background screen, if applicable. An internship opportunity will not be offered until a drug screen has been performed and the results have been received by the EOG personnel office.

PLACEMENT PROCEDURES & ORIENTATION
Candidates will be notified of their acceptance at least two weeks prior to the start of employment. The specific number of internships available in the administration shall be predetermined each semester based on office need. Interns shall be asked, as part of the application process, to rank their top four potential office placement choices. After acceptance to the EOG Internship Program, all interns must undergo orientation. An orientation will review EOG policies and procedures and distribute identification badges for building access and entry. Interns may not start work until they have completed an orientation.

WORK REQUIREMENTS & EXPECTATIONS
Each program participant must be able and willing to work at least 15-20 hours a week within the 8 a.m. - 5:30 p.m. work week. Specific schedules shall be finalized directly with the office in which the intern is placed. The length of the internship shall be no less than a full semester (approximately 4 months) unless predetermined and approved by both the Internship Coordinator and the office’s intern supervisor. All internship applicants will be asked to assist their offices in administrative and clerical support. Individual projects will vary by office. After placement, interns report directly to their immediate supervisor.

DISCIPLINARY ACTIONS
Violations of the Code of Personal Responsibility or Code of Ethics shall be handled on a case-by-case basis. The same rules for general EOG employees apply to all interns, and specific provisions can be found within the packet given during orientation.

PROGRAM OPPORTUNITIES
As part of the Internship Program, all interns enjoy the opportunity to both build their resume and interact with other professionals in the Governor’s Office as well as EOG staff. In addition, upon completion of the internship, each intern is invited to a meet & greet with the Governor personally, as well as a photo opportunity. After successful completion of the internship, many former interns build strong relationships with staff members who can provide them with strong and specific letters of recommendation for future jobs or professional education.

EXIT PROCEDURES
After completion of the internship, all interns must return their parking hangtags (if applicable) and FDLE ID badge to the Internship Coordinator. A predetermined end-date shall be circulated to each group of interns in order to ensure that all materials are resubmitted. If the predetermined end-date falls before an intern’s work is complete in an office, the intern is responsible for their own parking and may enter the building through security.
