

# RICK SCOTT

## GOVERNOR

June 15, 2018

Dear Fellow Floridian:

Florida's growing economy is producing real results for families across our state. Every month, private-sector businesses are adding jobs, dropping our unemployment, making it easier for every Floridian to find great work. When I became Governor, I set out to create an environment where our private sector could flourish – and that remains my focus as we continue to outpace the nation. It's clear – cutting taxes and investing in what matters to families works, and the rest of the country should take notice.

Here are some other points you can share about Florida's economy with your friends and family:

- Private-sector industries gaining the most jobs over-the-year were:
  - Professional and business services with 39,200 new jobs;
  - Leisure and hospitality with 37,200 new jobs;
  - Construction with 31,300 new jobs;
  - Education and health services with 24,500 new jobs; and
  - Financial activities with 17,200 new jobs.
- Florida job postings showed 242,546 openings in May 2018.
- Consumer Sentiment is 100.6, up from 70.2 in 2010.

Floridians across the state continue to find great jobs as our economy grows. Each new job created is an opportunity for a Florida family to live their dreams in Florida.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rick Scott".

Rick Scott  
Governor
